COMPASSION UNITES US  
**VOLUNTEERS ELEVATE US**

A HEALTHCARE VOLUNTEER  
COLORING BOOK

Coloring page outlines generated with the assistance of ChatGPT, a project by OpenAI

This coloring book has been created in recognition of the role that volunteers play in the delivery of patient-centered care.

Compassion serves as the common thread uniting all caregivers seeking to enhance the human experience in healthcare. Volunteers, going beyond, offer their services selflessly, thus elevating our collective efforts..

THANK YOU  
**VOLUNTEERS!**
